

**It is the year 1942. War is raging across the world!**

Welcome here, at the western border of the Nazi-occupied French city of Le Arion. You are currently in Switzerland, more precisely — in northwestern Switzerland. As you already know, Hitler and Stalin have occupied almost all of Europe. Both of these men pose an equal threat to the future and freedom of humanity. But these problems must be dealt with one at a time, so we will begin with the closest and most dangerous to us — Adolf Hitler, whose army not only strengthens its positions in Europe every day, but, as my sources report, VERY RECENTLY HIS ARCHAEOLOGISTS IN THE FRENCH CITY OF LE ARION MADE A HISTORICAL DISCOVERY THAT COULD MAKE THE NAZIS UNSTOPPABLE IN THE NEAR FUTURE. This must be stopped, and we have a plan! As friends of the British people, as allies of the British MI6 secret service, you will go to this Nazi-occupied city, WHERE, DEEP UNDER COVER, YOU WILL CARRY OUT ONE OF THE MOST COMPLEX MISSIONS in the entire history of the British Empire. Be prepared for challenges! This will be a long-term campaign that will require weeks, months, and perhaps even years. This time will be filled with tension, growth, and success. Since the Nazi occultists, a few weeks ago, packed their belongings and, together with an entire army battalion, hastily left Le Arion to return to Cairo, Le Arion has become like a ghost city, guarded only by a handful of high-level elite soldiers of Hitler, but this will soon change. Goebbels, with Hitler's blessing, has planned a new future for this city. Already now, every day, supporters of the Nazi regime from all over the world are arriving in the city, having received a special filmmaker's permit issued by Goebbels to participate in his film competition "Hitler, the Power of God and Ruler" and, INSPIRED BY ANCIENT CIVILIZATIONS, TO WRITE THE BEST POSSIBLE STORY in order to later turn it into an epic motion picture. And we will make excellent use of this Goebbels competition as your cover. In a moment, mission commander Todd D. Miller will introduce you to the most important details of this campaign. Let us defeat the Nazis once and for all, liberate Europe, so that future generations can live in peace and freedom! It would be absolutely unacceptable if, after some eighty years, some miserable Nazi leader were to appear again and, with his poorly educated army, start a war in Europe. Therefore, let us do everything necessary to bring the Third Reich to its collapse. Let us defeat the Nazis so that our children may have a bright future!

With gratitude for your support and cooperation,

*Winston Churchill*

**Greetings, my trusted comrades in arms!**

I am truly pleased that you have agreed to undertake this extremely important mission. Here is a more detailed description of the mission: THE NAZIS ARE DANGEROUSLY CLOSE TO CREATING THE THIRD REICH SUPERWEAPON "GÖTTERMACHT". For several years now, Hitler's best engineers, scientists, and archaeologists from various occult divisions have been working side by side on its creation. Its operation requires a source of power and energy still unknown to modern science. However, it seems that Hitler is not concerned about this, as his occult division promises him unimaginable wonders. FOR YEARS, THE NAZIS HAVE BEEN UNRAVELING THE MYSTERIES OF THE PAST ON A MASSIVE SCALE, BOTH IN THE DESERT AND ELSEWHERE AROUND THE WORLD. Until now, we ignored all of this and even took satisfaction in the fact that Hitler was wasting vast resources on such nonsense. But everything changed when their work of recent years in the French city of Le Arion resulted in a major discovery. THEY FOUND A HALL OF RULERS, AT THE CENTER OF WHICH WERE LEY LINES. I must admit that, as an army commander, this means little to me, but after speaking with our leading archaeologists from the University of Cambridge, I understand that in your world this is an event beyond comprehension. What concerns me more personally is the fact that THEY REPORTEDLY ALSO FOUND THE KEY TO THE AMUN-RA ENERGY SYSTEM THERE, along with further leads so powerful that within a single day the entire armada of Hitler's researchers left Le Arion to return to Egypt and fully unravel this mystery, which for thousands of years has concealed the power source of ancient civilizations. This eternal energy is the oldest Holy Grail — a power that existed long before the pharaohs and Moses. And that is truly terrifying. WHOEVER FIRST PROVES THAT THIS ANCIENT CIVILIZATIONS CRYSTAL ENERGY TECHNOLOGY IS NOT JUST A MYTH WILL RULE THE WORLD. I do not know the finer details, but according to our deeply undercover Agent 8, in this race we are one step ahead of the Nazis, although from my point of view it appears quite the opposite. You will learn more about this when you soon meet Agent 8 yourselves. Everything sounds simple enough, but there is a problem, and I will speak to you plainly. ALREADY A WEEK AGO, WE SENT A NEW AND SEEMINGLY PROMISING TEAM ON THIS MISSION. However, ignoring their lack of experience was a grave mistake, which has now cost us both valuable time and, possibly, the lives of these young people. We do not know for certain whether they are still alive and continuing their mission, or whether they have fallen into Nazi captivity. For too long, we have received no information about them. Time is pressing us hard. Therefore, we are now correcting our mistake and doing what we most likely should have done from the very beginning. WE TURN TO YOU AS OUR STRONGEST UNIT AND ASK YOU TO TAKE ON THIS EXTREMELY IMPORTANT TASK. Although we are confident in your abilities, from this point forward we refuse to take even the slightest risk, and therefore in the near future we will send several additional units as a precaution. We are certain that Nazi spies are not idle either. Therefore, remain vigilant and trust no one you are not completely certain about. We have ensured that the guards will regard you as filmmakers of Nazi propaganda cinema. IN YOUR DOCUMENTS, IN THE DESIGNATED PLACE, WRITE THE NAME OF YOUR FILM ASSOCIATION. STEP INTO YOUR ASSIGNED ROLE AND MAINTAIN YOUR COVER! Your next objective is clear. Proceed to Le Arion and follow the clues left by Agent 8 in order to determine the secret communication phrase and his location. ESTABLISH CONTACT. THE CORRECT SECRET PHRASE WILL HELP YOU IDENTIFY HIM AND GAIN HIS TRUST. Your first task is to enter the city through the official Swiss-French border at sector E15. There, find an object created by the sculptor and art professor Anri La Fontaine. On it, you should find your first clue. BEGIN WITH THAT! The stakes are high. Do everything as required and take a step toward the destruction of Hitler's war machine! Mission Commander
